To the Christ loving Assembly of our revered and much cherished brethern in Christ who desire the Union.

MOST PIOUS ASSEMBLY?

I am very sorry for being again prevented from appearing amongst you;
This however does not diminish but on the contrary increases our zeal for
the work of the Union, which by devine assistance is everyday more and more
gaining ground and spreading.

In the "Eirene" (vol I N° 4 of 1910) our principles began to be published. They are the principles of the prelate Lycurgus (Evangelical Herald 1870 p. 313) and of the learned Professor Zekos Rossis, (about the Union of all churches. cf.; also the analysis of this treatise in Evangelical Herald of the year 1869 N° VII & VIII p. 367-378, preparatory work-concession of rights) in whose track we are following.

Broad views, warm faith, and lifting up our minds to the words of the Lord, "and this is life eternal- that they might know Thee the only true God and Jesus Christ Whom Thou has sent (John 17,3) and "By this shall all men know that ye are my disciples if ye have love one to another (John 13,35)

This is the ground on which the external approachment of the Churches may be cultivated and in this way we may surely arrive at that much desired day of the internal Union of the Churches.

Our system we have already delineated.

We developed it in the Anglican Churches of Smyrna (3 October 1907 & 2 October 1909) and we have sent the necessary report on the 14th October 1907 to H.H. the Occumenical Patriarch who by his official missive of the 17th November 1907 does not discaree with what has been done but justly expresses the opinion that the Union will not be effected by external but by internal approachments.
